

Dear Sir,

Subject: Seminar on roof top solar for industrial and domestic sector

Merchants' Chamber of Uttar Pradesh in association with Petroleum Conservation Research Association are organising a half day seminar on the topic as under

We are organising the above seminar in view of large enquires received by us about the replacing the traditional power source by captive solar power supply needs. By attending this seminar you shall be able to decide and take considered decision if you to install the captive solar power plant.

Rooftop solar power is much cheaper than power from diesel generators. Compared to solar power's Rs.4.0-5/kWh, diesel generators generate power at about Rs. 16/kWh (a liter of diesel generates around 3-4 kWh). We wish to inform that 1 KW solar power produces approximately 4 KWh of power per day.

We expect that you shall be able to get satisfactory answers to the following questions in the seminar.

- What are the steps involved for Rooftop Solar Installation?
- Is Rooftop Solar Power Cheaper than Diesel/Grid Power?
- How Much Roof Area Do I Require to Install a Rooftop Solar PV System?
- How Much Electricity Does a Rooftop Solar PV System Generate?
- What is the capacity of the solar power system I require for my facility?
- Do all rooftop solar plants generate power during power failure
- How Much Does a Rooftop Solar PV System Cost?
- State Government Policies and Net metering. Hassles if any
- How to decide if we should choose off or on grid systems.

The speakers are Experts Solar power installation consultants and the Manufacturers

Date: 14.1.2016

Timings: 2:30 PM to 5:30 PM

Venue: conference Hall, Merchants Chamber of Uttar Pradesh

These experts shall also talk about

- Types of rooftop solar PV systems
- Cost of components of Roof top Solar Plant
- **Subsidies & Incentives**
- Prospects for further cost reduction
- Variations in pricing - Reason
- Overstatement of capacity – Brands – Warranties (The price of the system can depend on the warranties offered)

We invite you to attend this seminar and take advantage of the presence of the experts

With due regards

For Merchants Chamber of Uttar Pradesh

(A.K. Sinha)

Secretary
