

Dear Sir,

Subject: International Conference on “Innovative Strategies for Poverty Eradication in India” Organised by India Development of Coalition of America (IDCA) Merchant Chamber of U.P. (MCUP) and The young Achievers Group (TYAG)

We are all aware that in spite of India being a very old civilisation, is still known as a developing country. Several Factors are responsible for it. This has led to most of our countrymen living below poverty line.

We are pleased to inform you that a group of Indians living in USA have taken up the challenge to derive the innovative ways to eradicate poverty. Thus due to the dedicated vision of the founder President Dr. Mohan Jain India Development Coalition of America (IDCA) was formed in 2004 in USA. IDCA brings groups, NGOs& individuals closer to each other so that their work are shared for better coordinated efforts in future.

It is a great Honor of Kanpur that Dr. Mohan Jain has kindly consented to include Kanpur as a venue for the national and international deliberations on the subject. He has desired us to invite a few selected NGOs from our city working in the various Service fields.

You and your organisation have contributed a lot for the society. We feel pleasure to invite you and your colleagues to attend the program & share your experiences. So together we can bring out more positive results in the service of humanity individually and collectively.

This will be basically a interactive session to share strategies adopted by the participants/NGOs in the service field. Each participating NGO will have time to share their experience and know about what others are doing nationally and internationally
